

Money to pay Advantage BIG co-pays!

- 2 of the biggest costs in an Advantage Plan are a long hospital stay and cancer chemotherapy.
- For those who may have difficulty coming up with big co-pays or those who just like coverage.

I like Mutual of Omaha's hospital indemnity plan. "A" rated company, great reputation and good prices!

How it works:

Get paid a daily amount for every night you spend in the hospital to help pay the daily co-pay.

Rider for surgery – Get paid an amount to help cover the co-pay of a surgery.

Rider for cancer – Get paid an amount to help cover the co-pays of a first diagnosis cancer.

- **NOTE – Ages 65 – 74 is GUARANTEE ISSUE for the daily co-pay and surgery amounts!!**
