

Chronic Special Needs Plans

- You **MUST** have either a chronic heart condition (like A-Fib) OR Diabetes
- **If you have a qualified Chronic disease – call me to discuss one of these plans**

WARNING – Not all doctors within the network will take these plans... I will check ones you are going too – but you may not be able to see certain ones even if in the network.

+++++

There are only 2 companies offering these plans in Colorado (some states have more and different companies)

UHC has one plan in Colorado Springs and one in Denver.

Devoted has 2 in the Springs and 3 in Denver.

- Only 1 plan for Springs and 1 for Denver is good enough to look at in my opinion.

NOTE – By CMS rule I cannot discuss specific benefits of a plan on a newsletter.

Pluses and minuses:

UHC – the plan is basically the same but the Extra Benefits has a boost.

DEVOTED - Some things are better and some things are worse. So the plan itself is about the same.

- Devoted does have 2 extra benefits that are better than their regular plans.

- These plans may not work for everyone even with the conditions... but please call me to discuss!
